**RE: Docket No. GMCB-001-17con, Proposed Replacement of Electronic Health Record, Project  
Cost: \$112.4 million**

Dear Spencer:

We have reviewed the above referenced Certificate of Need application submitted by the University of Vermont Medical Center (UVMHC).

The application is now closed. The closing of the application begins the Board's statutory review period in which the application will be evaluated with respect to the applicable statutory and regulatory criteria. As the burden of proving that the project meets these criteria rests with the applicant, the Board may contact the applicant with questions or require further submissions.

Although the project was granted expedited review as required by 18 V.S.A. §9440b, the Board requests that UVMHC present the project before the Board at one of its public meetings. We will contact you shortly regarding a meeting date. If you have any questions, please do not hesitate to contact me at (802) 828-2918.

If you have further questions, please do not hesitate to contact me at (802) 828-2918.

Sincerely,

s/ Donna Jerry
